Multi Food

THE HISTORY

In March 2009, Multi Food launched its factory as the first and only instant coffee producer in Iran. Since then Multi has maintained its position as the largest manufacturer of instant coffee in the Middle East.

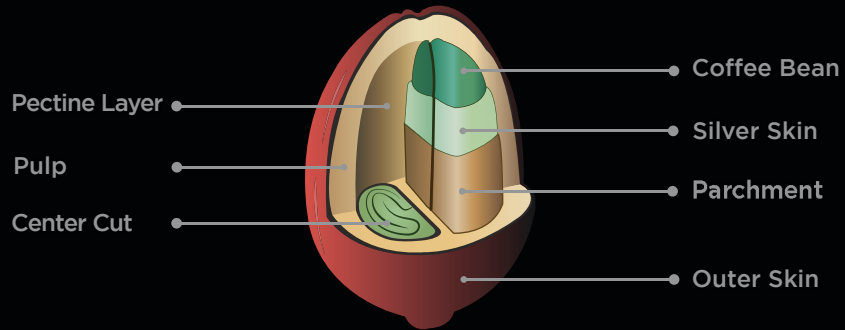

Multi purchases high quality beans and raw material from all around the globe. Thanks to expertise of its staff, implementing the latest technologies, and carefully positioning its brands (Multicafe, Multicoco, Multimate), Multi Food has been able to produce various blends of products and ships significant volumes to a wide range of countries around the globe.

High quality production, massive manufacturing capacity (10,500 tons per year), on time delivery along with wide variety of products & packaging options, are what have made Multi Food as a key producer of instant coffee in the Middle East.

barista

ROBUSTA

TASTE: Robusta is bitter and harsh with a grainy taste.

USED FOR: Robusta is usually used for instant coffees and added in small proportions to espresso blends.

CAFFEINE: Robusta is jam packed with almost twice as much caffeine at 2.7%

ORIGINS: Robusta beans are grown throughout Africa, Southeast Asia, India and Indonesia.

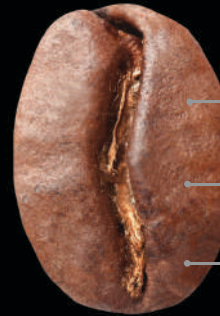

ARABICA

TASTE: Arabica is smooth, slightly sweet or fruity and easy to drink with the ideal amount of acidity for a balanced drink.

USED FOR: Arabica beans are used for most everything else.

CAFFEINE: Arabica has a lower caffeine content at around %1.5.

ORIGINS: Arabica beans are produced mainly in East and Central Africa, Latin America, India and Indonesia.

SUGAR: Arabica beans have a significantly higher sugar content, almost twice as much as Robusta beans. It also has %60 more lipids.
